HOPE'S®

100+ YEARS STRONG IN WINDOW SECURITY, SAFETY, AND ENDURING PERFORMANCE

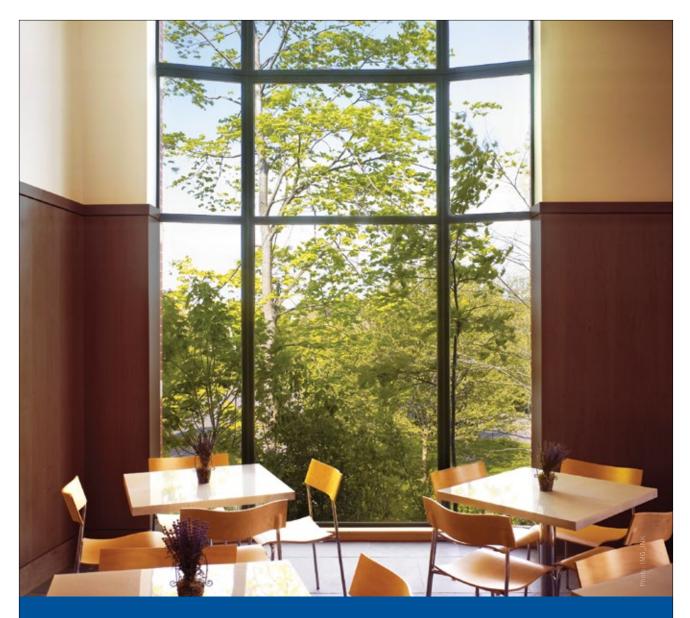

Hope's is the largest manufacturer of custom steel windows and doors and is committed to delivering products with the absolute highest standards of quality and excellence.

Our diverse solutions afford Hope's the ability to be the industry leader for your exterior secure and non-secure thermal window and door requirements featuring:

- Thermal break and other energy efficient designs
- Fixed, operable, and skylight configurations to meet daylighting and ventilation needs
- Fully customizable for all safety, function, performance, and security requirements
- Fully welded corner construction for strength and weather tightness
- Integrated tool resistant steel
- Steel, Steel + Aluminum, Stainless Steel, or Stainless Steel + Aluminum material options

CREATE A POSITIVE OUTLOOK.

Exterior windows for behavioral health facilities must guarantee safety and security

for patients and staff. Their strength should be proven per rigorous ASTM testing. Equally important, they should foster serenity and contribute to an environment's healing properties. Hope's steel windows provide maximum safety and security with minimal framing. The result? Wider views and enduring elegance allowing for bountiful sunlight in homelike comfort.
