

IMPACT APPROVED PIVOT DOORS

Announcing Hope's Jamestown175™ Series Hurricane and Impact Approved Pivot Doors

HOPE'S® WINDOWS, INC. IS PROUD TO ANNOUNCE THE NEWEST PRODUCT IN OUR HURRICANE-TESTED LINEUP – OUR JAMESTOWN175™ SERIES PIVOT DOOR

JAMESTOWN, NY – Hope's offers the industry's largest selection of fully tested and certified windows and doors for use within hurricane and impact zones.

On March 21, 2019 Hope's successfully tested our Jamestown175™ Series solid, hot-rolled steel pivot doors to Miami-Dade County and Florida Building Code (FBC) – High Velocity Hurricane Zone (HVHZ) standards.

- TAS-201 (large missile impact)
- TAS-202 (structural)
- TAS-203 (cyclic load)
- Air infiltration
- Water
- Design Pressure +/- 60.0 PSF

Features Include

- Massive 6' wide by 11' tall single panel door
- Time-tested solid, hot-rolled steel
- Ultra thin sightlines
- Hope's exclusive Power of 5™ Finishing System

This new assembly is also available for use outside of FBC hurricane zones for projects in locations that do not require hurricane/impact certification.

At Hope's, we pride ourselves on our long-standing commitment to testing and certification. We subject our products to more third-party testing than any other steel window and door manufacturer. We will continue to push the limits beyond what conventional wisdom deems possible in our to achieve new possibilities in window and door design, delivered with peace of mind.

READY FOR TESTING

Jamestown175™ Series Steel Pivot Door at Hope's dedicated R&D facility, assembled and fitted with hardware prior to third-party testing

SUCCESSFULLY TESTED

Jamestown175™ Series Solid Steel Pivot Door at third-party testing facility

Hope's® Windows, Inc., based in Jamestown, NY, is the nation's leading and most experienced manufacturer of custom designed, solid hot-rolled steel and solid bronze window and door systems, specializing in historic preservation, cultural, institutional, commercial and luxury residential applications. Hope's windows and doors help architects achieve even the most technically challenging design visions with unlimited shapes and sizes. Hope's advanced coating process ensures that all Hope's steel windows and doors last longer than any other available, even under the most extreme environmental conditions. Visit HopesWindows.com.
